Opinion | I Asked the Head of Space Force What the Agency Has Done for Me Lately

john raymondi is a u.s. military spokesman for the nasa . he says he will be able to talk about the space force . the swisherdos are a big part of the military . it's a great way to get a better understanding of space . but he's not a fan of a space force, he said . what he thinks is that he can't be

House Passes Labor Rights Expansion, but Senate Chances Are Slim

democrat tim ryan democrat of ohio addresses republicans who lined up to oppose the measure . he said the gop seemed more interested in tax cuts and moaning about cancel culture than helping american pocketbooksstop talking about dr seuss and start working with us on american workers . some republicans in congress have slowly chipped away at labor protections plummeting union participation .

For Chuck Schumer, a Dream Job Comes With Tall Orders

mr schumer has had his share of disappointments too he wanted badly for stacey abrams the former georgia house minority leader to challenge the republican kelly loeffler for her senate seat . he waited until a few days after john hickenlooper had left the presidential race summoned the coloradan and his wife for a meeting that lasted five hours and made his case .

How America's Vaccine System Makes People With Health Problems Fight for a Place in Line

some states require people to prove they have a medical condition at least states and washington dc do not allow people to get a recommendation from a health professional. cdc officials have said they regularly review the scientific literature and will expand the list as warranted, some medical ethicists argue that the list itself is misleading because it suggests that the risks for all diagnoses have been considered and ranked is a yearold with type diabetes at greater risk from covid.
